

Shaunda K. Wenger is an author and awarded science teacher who grew up among the mountains and lakes of New Hampshire and then found another beautiful backdrop in Utah to raise three children with her husband. With both a bachelor's and master's degree in science and many adventures in the outdoors, Shaunda loves weaving tidbits of the natural world into her stories and feels extra sparkly when they pivot on humor. Her other published children's works include leveled readers for the school market and poems in *Babybug* and *Cricket*.
